Reuse Network Suppliers' Suite

Information Pack

reuse-network.org.uk

Reuse Network is the UK's only membership body dedicated to charitable and voluntary reuse organisations. Our charity members support low-income households with affordable furniture, electrical appliances and other essential household goods.

We provide our members with comprehensive help and support. We are a strong collective voice in the reuse sector. We enable our charity members to keep carrying out their essential work in their communities in the most effective way.

Our Suppliers' Suite is open to suppliers of services and goods who want to provide their products to the reuse sector and align themselves with our values and mission.

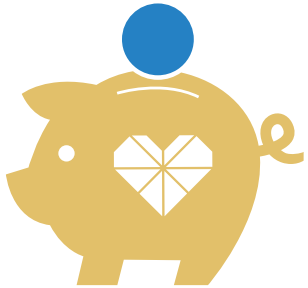

We can help you to:

1 Market your products to the reuse sector, generating new leads and customers

2 Develop your reputation within the charitable reuse sector

3 Demonstrate your organisation's commitment to supporting charities in the UK

4 Boost your Corporate Social Responsibility strategy

Read on to find out how you and your organisation can benefit from joining our Suppliers' Suite >

Suppliers' Suite Benefits

£750 + VAT/year*

*If you are a product supplier, an additional 1.5% administration fee will be payable to Reuse Enterprises based on sales made to our members.

Access the reuse market
Our charity members make a difference. They help low-income households live better by giving them access to fairly priced goods. They operate in the same way as any other charity retailers and require services from logistics to new goods supply, office supply, HR and more. We have members across the UK that vary from volunteer-run charities to larger social enterprises who actively work within their local communities.

Free exhibition space at our annual roadshows
Your benefits package include a free exhibition space at one of our annual roadshows and discounted delegate passes. This is your opportunity to showcase your products and services directly to the decision-makers in our network.

Feature on our online business directory
Your business details including contact details, website and logo will be featured on our dedicated business directory page for our members to access quickly and easily.

Use of our Suppliers' Suite marketing assets
We will provide you with a suite of marketing material for you to use within your organisation to demonstrate your affiliation with the Reuse Network, whether to employees, existing and potential customers or your board of directors.

You will have access to a library of photos from our members to use in reports, social media or any other marketing communications.

Share your latest offers
Send our marketing team your latest offers, and we will do the hard work for you. We will ensure effective distribution to our member charities through regular updates via email, on- line meetings and seminars and social media channels.

Regular updates and newsletters
Whether on social media, by email or through our regular newsletters, we make sure you and your team are informed of the latest news and updates from the Reuse Network and the wider sector.

Sponsorship and speaker opportunities
Throughout the year, we host a number of events across the UK – including our annual roadshows. These events are a great opportunity for suppliers to showcase and demonstrate their products to a broader section of the network, not just our member charities but involved stakeholders.

Additionally, the Reuse Network team and our members are on-hand to work with you for any of your own speaking opportunities whether for team days, in-house conferences or customer events.

Show you make a difference
Work with our Marketing Department to demonstrate how your business supports the alleviation of poverty and the tackling of climate change.

Who can join?

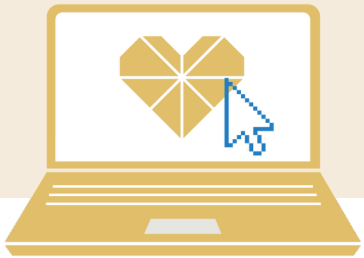

Any business who wishes to offer their services and products to our growing number of charities and social enterprises across the UK.

A few examples of services used by Reuse Network members: financial services, banking, IT services, ePos and inventory stock systems, HR services, staff training, insurance, office and stationary services, fuel cards, fleet leasing, furniture and electrical appliances suppliers, waste and recycling services and many more.

How to join?

Please complete our joining form online. Please note that we exercise due diligence for all our suppliers to give our members the confidence that we are working with financially and ethically sound organisations.

We will then contact you for your preferred method of payment and send you all onboarding documentations and assets.
